Meadowood unveils its new sanctuary multi-million dollar

Guests at Meadowood in St. Helena are treated to luxury from luxurious guestrooms to 3-star chef Christopher Kosters prepared by star chef Christopher Kosters. Now, the resort now has a spa that is set to rack up even more accolades.

The new facility is the epitome of Wine Country elegance and serenity. A spa visit begins with a relaxing conversation with a Spa Therapist in the treatment suite. The conversation will develop a curated treatment plan for each individual. You'll become a believer in this thoughtful approach. Next up, you'll enjoy a soothing signature pre-treatment experience (aromatherapy steam, dry body brushing or foot bath), followed by a treatment plan created with the therapist and ending with a post-treatment organic elixir. Each treatment has been designed to put you at ease. The hustle and bustle of the busy holiday season will become a distant memory when you indulge in this blissful new experience.
